EDUCATING THEM AWAY FROM BULL FIGHTS

In the belief that the present generation of grown-ups in Mexico enjoys the sport of bull fighting so much that it is impossible to prohibit it, attempts are made to keep children away from the fights. The governor of the federal district and the mayor of Mexico City have joined forces with prominent newspapers in an attempt to prevent boys and girls witnessing the brutal sport. It is believed that if the youngsters are prevented from seeing the fights the next generation will not want them.

When the Anti-Lynching Act comes up in the Senate, it would be just like Pat Harrison to move to amend the title so that it will read: "An Act committing an assault on the Constitution of the United States."

Rogers, Massachusetts Republican started in the house on January 30 that he believed that the disabled soldiers were getting poorer service through the Veteran's Bureau than they were getting six months ago, and that he also thought that the service of six months ago was not so good as it had been six months before that time. In other words, he admitted that the service is poorer since Harding became President than under Wilson, and that it is growing worse.

Speaking of the fancy salaries under the Shipping Board, which were placed in this column last week, James R. Mann, of Illinois, the ablest Republican in the house, said: "I think it is time that this Republican House stopped paying these enormous salaries that are not necessary." Wood of Indiana sought to add seven more high-salaried attorneys to the list.

Representative Rouse of Kentucky, opposed by Mr. Wolsh of Massachusetts, succeeded in getting into the Record of January 30 a copy of a letter from Raymond A. Lasance, National adjutant of the Disabled American Veterans of the World War enclosing a copy of a memorial which he had sent to the President on January 11, but which had received publicity. Among other things, this Memorial showed that 4,000, or one-half of the insane veterans, were farmed-out to "contract" asylums, which the Memorial declared are not hospitals at all, but "lock-ups."

In amending the National Income Tax Law, a strong effort was made by the Republicans to reduce the rate on incomes of \$65,000.00 from 62 per cent to 32 per cent. Through the efforts of Democratic members of congress a compromise was effected making the rate 50 per cent. It is expected that all those whose incomes are \$65,000 a year will please vote
